Materials and Tools

- 2mm crochet hook
- 4 ply yarn (cotton: I used Scheepjes Catona from woolwarehouse.co.uk)
 - Skin tone (Petal Peach - 263)
 - Brown for hair (Root Beer - 157)
 - Red (Poppy Rose - 390)
 - Denim Blue (Bluebird - 247)
 - Light grey (Light Sliver - 172)
 - White (Snow White - 106)
 - Light blue (small amount for jeans turn-ups)
- 2ply or embroidery thread
 - Green
 - White
 - Black
 - Orange
- 2x 6-8mm black buttons for T-shirt
- 1mm Aluminium wire (about 176cm required in total)
- Polyester soft toy filling
- Tapestry needle
- Scissors
- Stitch markers

Optional extras

Pliers (also useful for pulling through your needle when sewing on the hair)

Acrylic paint (if you wish to paint rosy cheeks and/or add to the definition of the eyes!)

KEY

sc	Single crochet
inc	Single crochet increase (two single crochet in the same stitch)
dec	Single crochet decrease (single crochet two stitches together – for best results use invisible decrease method, crocheting together using just the front loops)
dc	Double crochet
dc-inc	Double crochet increase (two dc in the same stitch)
dc-dec	Double crochet decrease
hdc	Half double crochet
hdc-inc	Half double crochet increase (two hdc in the same stitch)
hdc-dec	Half double crochet decrease
tc	Treble crochet
slst	Slip stitch
ch	Chain
FLO	Front loop only – (crochet stitch in front loop of previous row only)
BLO	Back loop only – (crochet stitch in back loop of previous row only)

I recommend that you use YU (yarn under) instead of YO (yarn over) when crocheting this doll as it makes the stitches smaller and neater 😊

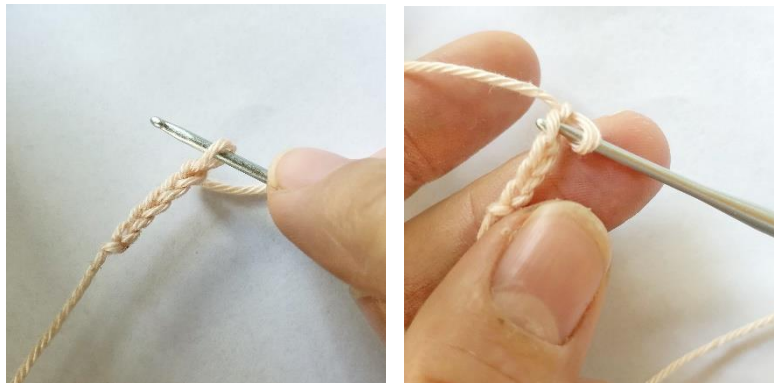

This is an image of what the completed wire skeleton looks like, inside the body. The wire is added to each limb as you go along and twisted together as you join the body together.

Both the arms and the feet are started with a chain, rather than a magic circle. This is to create an oval shape rather than a circle.

In the first row after the chain, you turn your work and make the stitches in the top of the chain.

When you reach the end, you will add 3sc into one stitch (the first stitch in your chain) then turn your work, and continue to make your stitches in the other side of the chain.

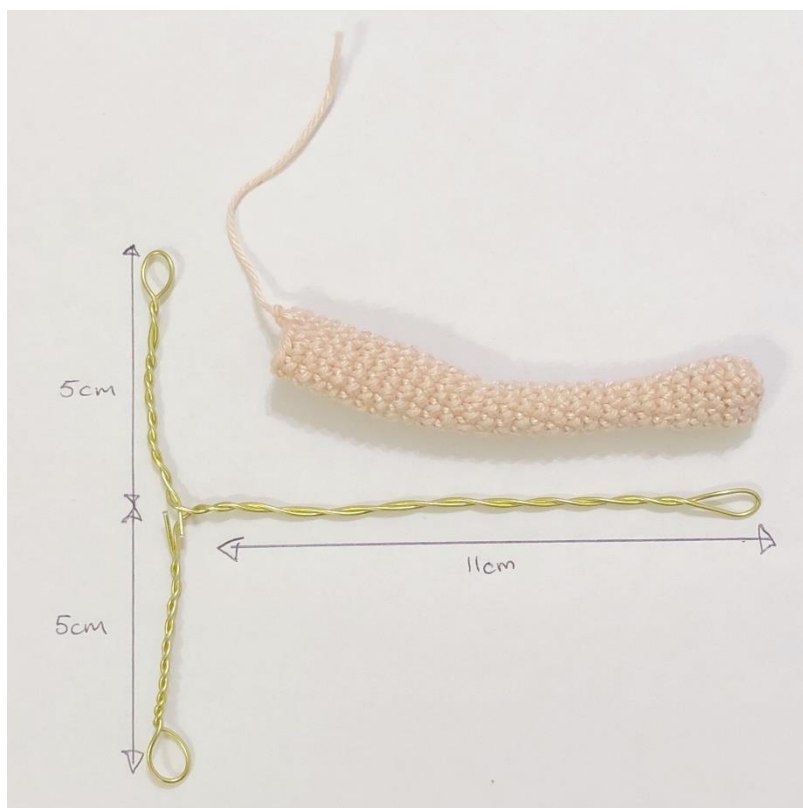

There will be an increase stitch in the final stitch which completes your oval. You can then continue to work around the oval as you might work around a magic circle.

Make the smaller items before you continue so they are ready to sew on when the larger parts are completed.

Firstly cut off a few pieces of skin tone yarn to use for sewing later, as once you get started on the body your ends will be on your hook!

- 25cm for belly button
- 25cm for nose
- 40cm for creating eye contours

Ears – Make 2 in skin tone yarn

Magic circle - 5 stitches - pull tight but do not join!

Ch 1, turn. 1sc in each stitch.

Tie off and cut leaving log tail to sew on.

Set aside and save for later

Toes – Make 2 in skin tone yarn

Magic circle 5 stitches, pull tight, slst to join.

The next section (lines 12 to 18) is creating the calf of the leg. The increases ("1 inc") should all be at the centre of the back of the leg. If you find that your stitches do not run up the centre at this point, move your stitch marker across to make it line up again.

Sew on toes at this point to allow you to easily hide threads inside. You may also find it easier to insert the wire and gently stuff the foot and calf, although you can wait until the leg is fully created (stuffing can be a bit harder though).

Continue on to work on the thigh, and again, the increases ("1 inc") should go up the centre of the back of the leg.

Attach the arms – make sure that the top of the arm is level with row 24 of the body when the arms are down by the doll's sides. Twist the wire for each arm around the wire coming up through the body from the legs. Twist carefully both inside the body and up towards the head to make sure the arms are secure.

Facial Features:

Ears – Sew on either side of the head (about half way round). Bottom of ear should be sewn on between rows 43 & 44 and top part of the ear should be sewn on between rows 47 & 48.

Eye contours – Using skin tone yarn, along the line between rows 44 & 45, sew through (from inside out) point A and into point B twice and pull tight. Sew one stitch two rows up, in between A and B, and pull tight. Then sew through point C to point D twice and again one stitch, two rows up in the middle of C and D . Pull tight, repeat if required and tie off inside head.

Nose – Between rows 43 & 44, 3 stitches across. Loosely sew through 3 or 4 times.

The images below show how to sew the eyes. Use 2 ply or embroidery thread and tapestry needle.

Top of pupil should be between rows 47 & 48 and should be about 1.5 stitches across and down.

Mouth – Using brown yarn, sew between rows 41 & 42, 5 stitches across and one row up.

Eyebrows – sew in hair colour yarn above eye, between rows 50 & 51, 3 stitches across and then one stitch diagonally down. Repeat to thicken the eyebrows

59	[1sc, 1 dec]x8	16
60	8 dec	8
61	Decrease until head is closed, cut yarn and tie off	

Hair

Using brown yarn, cut into about 5cm pieces.

Start from the top centre of the head, working in a spiral around the holes between the stitches. Use your hook to pull the middle of the piece of yarn through the head and then pull the ends through that loop, creating a slipknot.

Work around the head, one stitch at a time until you get to the row between 52 and 53 (this is the last row to go across the front of the face.)

After row 52/53 you should only work around the back of the head.

For rows 51/52 start at about 4 stitches in front of the line of the ear and work around to the same point on the other side.

For 50/51 start 3 stitches away from the line of the eye. This will gradually move the hair away from the face.

Just in front of the ear, at row 49/50, do 4 long stitches to create the side-burns. The first should be 5 stitches long, the second 4 stitches long, the third just 2 stitches (this should sit on top or just in front of the ear) and the fourth 2 stitches long, just behind the ear. Then continue to thread in the hair as before.

At the back of the hair, work down to row 41/42 (in line with the mouth), gradually coming in slightly so that the line is not perfectly straight down.

Once all of the hair is in, you can give him a good haircut! Trim short at the back and longer on the top. Take just a little off at a time, keeping in mind that you can always remove more but you can't easily add it back!

Pin the pockets in place before you sew them. You will need to make sure that the dolls hands reach the front pockets.

The top 'point' of the front pockets should meet the bottom of the dc row at the top of the jeans and the sides should be about 7 stitches from the centre (pockets are about 14/15 stitches apart).

Back pockets should also have the top in line with the bottom of the dc row of the jeans and sides 3 stitches from the centre (pockets are about 6/7 stitches apart)

BE CAREFUL NOT TO SEW THE TOP OF THE POCKETS CLOSED!

Using orange embroidery thread, sew a line around the curved part of the front pockets and around the whole outline of the back pocket. Repeat a second row of stitching on the back pockets just inside the first line.

On the front of the jeans, use the same orange thread to sew a line where the jean's zipper would be, coming down from the belt-buckle. This should be about sc 5 stitches in length, and have a small curve at the bottom. Repeat with a second row of stitches.

13	sc-dec until closed, tie off	

Crochet the hood onto the coat:

Have the inside of the coat facing up and position the hood so that it is central to the coat. It may help to pin it in place.

Use only the back loops of the coat but the full loops of the hood - sc along the edge of the hood and tie off.
